SYNOPSIS OF FACTS:

Testimony of BENJAMIN SMILG before the Loyalty-Security Board, Wright-Patterson Air Force Base, Dayton, Ohio on November 9 and 10, 1950 reviewed and information set forth concerning SMILG'S association with subject.

DETAILS:

By letter dated June 2, 1951 the Bureau transmitted a photostatic copy of the testimony given by BENJAMIN SMILG before a Loyalty-Security Hearing Board at the Wright-Patterson Air Force Base, Dayton, Ohio. This transcript is in question and answer form and the following is a summary of the pertinent information concerning SMILG'S association with subject who has been positively identified as a Soviet espionage agent.

SMILG stated that he became acquainted with subject at the Massachusetts Institute of Technology (MIT) in 1931. SMILG stated he recalled that during an examination in a class in aerodynamics, SHUMOVSKY had considerable difficulty and as SMILG sat near SHUMOVSKY he offered to tutor the latter, and did so until SHUMOVSKY left MIT shortly before May of 1935. SMILG stated that SHUMOVSKY would come to SMILG'S home for these lessons, at which time SHUMOVSKY met SMILG'S mother, father and brother. SMILG stated that SHUMOVSKY resided in Cambridge with ten or twelve other Russian students.

SMILG stated that SHUMOVSKY, during this period, never engaged in political discussions and that SHUMOVSKY stated before he came to

SMILG stated that he saw SHUMOVSKY approximately four or five times following this meeting, one of which was on the occasion of SMILG'S marriage on January 31, 1943 at which time SHUMOVSKY was a guest. SMILG stated that to the best of his knowledge, SHUMOVSKY was assigned to Wright Field for approximately six months, from the fall of 1942 to the spring of 1943.

SMILG stated that he did not recall saying good-bye to SHUMOVSKY and that as far as he knew "he just disappeared." SMILG stated that during his conversations with SHUMOVSKY the latter never attempted to secure information from SMILG and never requested him to perform any service.

(The following is SMILG'S testimony concerning his contact with HARRY GOLD, admitted Soviet espionage agent, which is set forth since SHUMOVSKY'S name figures in the discussions between GOLD and SMILG.)

SMILG stated that on a day near Thanksgiving, November 30, 1938, an individual who introduced himself as HARRY GOLD appeared at SMILG'S home, 307 Oxford Avenue, Dayton, Ohio, stating he was a student at St. Xavier University, Cincinnati, Ohio, and that he was also a friend of STANISLAUS SHUMOVSKY who had suggested that he, GOLD, visit SMILG. On the occasion of this visit, SMILG recalled that GOLD and he discussed many subjects, one of which was HITLER'S treatment of the Jews, news events, etc. SMILG stated GOLD appeared to him to be obsessed with the idea that the Jews were going to be destroyed. He stated that GOLD said he was studying Chemistry at Xavier University and had previously attended some eastern university. SMILG stated he did not like GOLD, whom he described as very talkative and not very bright.

On the occasion of the first visit by HARRY GOLD, he stated that after two or three hours of social conversation, GOLD indicated it was time to go and departed. SMILG stated that he politely asked GOLD to come again to see him and that GOLD asked him if he would come down to visit him at Xavier University.

SMILG stated that approximately two months later GOLD again appeared at his home unexpectedly at which time he and GOLD discussed various things such as GOLD'S school work, chemistry, etc. SMILG stated that GOLD made approximately three visits to his home and that each was unexpected and never was any arrangement made for a future meeting. When asked as to whether GOLD had ever requested any information from him, SMILG stated, "He had the impression that I was a very capable, outstanding engineer and that it was a pity that it wasn't being used to fight HITLER. I have the impression that possibly he might have wanted me -- I would not say

suggested but he wanted -- that I ought to go to Russia and help Russia fight HITLER."

During their conversations SMILG stated that GOLD mentioned several times that he was a friend of SHUMOVSKY and that on one occasion he drove GOLD from his home to the bus station in Dayton, and when they arrived there GOLD said something to SMILG, in effect as follows: I don't think you believe I am a friend of SHUMOVSKY. SMILG stated he said, "Why no. You said you are a friend of SHUMOVSKY and I have no reason to doubt it." SMILG stated that GOLD then "pulled out a receipt, a photostat of a receipt, and said, 'This should prove to you that I really am a friend of SHUMOVSKY.'" SMILG stated that he looked at the receipt and it was a photostatic copy of a receipt he had given SHUMOVSKY years before. SMILG stated that he said, "What difference does it make?" Whereupon GOLD replied, "I want you to believe I am."

SMILG stated that GOLD never mentioned what his relationship with SHUMOVSKY was nor did he indicate that SHUMOVSKY was doing anything that he should not be doing.

SMILG stated that after the visit when GOLD showed him the receipt, he did not see GOLD for some time and then suddenly GOLD appeared again at his residence at which time they talked for a short period of time, then GOLD departed. SMILG stated he never saw GOLD following this meeting.

Concerning these visits by GOLD, SMILG stated that when he met SHUMOVSKY in the fall of 1942 he could not remember GOLD'S name, but he said to SHUMOVSKY, "Some guy came around who said he was a friend of yours. Do you know anything about him?" SMILG stated SHUMOVSKY "gave me the impression that he did not know who it was and just shrugged it off and I forgot about it, and I never thought of GOLD again until his exposure."

SMILG testified that in this discussion with SHUMOVSKY he does not believe that he mentioned GOLD'S showing him the receipt.

SMILG testified further that at the time of his contacts with HARRY GOLD he did not know SHUMOVSKY was "doing anything he shouldn't be doing" and that, "I still don't think so."

ADMINISTRATIVE PAGE

It is apparent from the above testimony of SMILG as well as from the information furnished by HARRY GOLD, that the receipts given by SMILG to SHUMOVSKY were either retained by SHUMOVSKY or the Amtorg Trading Corporation and thereafter used in an effort to induce SMILG to furnish information to the Soviets.

release per Air Force

It will be recalled that according to HARRY GOLD, he was directed by his Soviet superior to contact SMILG in an effort to develop him as a source of information and GOLD was furnished the photostatic copies of receipts by his Soviet superior.

Since instant report contains information of general interest in the Intelligence field, information copies are being furnished the New York, San Francisco, Washington Field, and Philadelphia Offices in accordance with Bureau instructions.

No leads are being set forth in this report; however a report will be submitted in the near future.

Shumovsky was in the U. S. from the middle 1930's until approximately March, 1943. During World War II, he was attached to the Russian Purchasing Commission at Wright Field, Dayton, Ohio.

[REDACTED]

In addition, it should be noted that receipts executed by Benjamin Smilg and delivered to Shumovsky at Wright Field in the 1930's were furnished Harry Gold by his Soviet superior, Semen Vengerov, when Gold contacted Smilg at Dayton, Ohio, in an effort to enlist Smilg's cooperation with the Russians during World War II.

RECOMMENDATION:

In view of the above, there is attached a letter to the Department of State advising that the Bureau interposes no objection to the use of the quoted paragraph in the proposed Draft Instruction to the American Embassy, Paris, regarding Shumovsky, provided the FBI is not identified as the source.

Re Newark letter 11/25/50 captioned as above.

The picture of SEMEN M. ROUGA, selected by HARRY GOLD as being identical with STEVE SWARTZ, appears to have general characteristics that might fit those attributed to subject in instant matter.

It was also noted that Mrs. EDNA R. BOERGER, in an interview conducted by the State Department in August 1938, stated that OTTO or CARL called on the phone in 1937 just prior to the RUBENS' departure for Europe. This information is set forth in the Administrative Section of the New York report of SA ROBERT S. PLANTZ dated 4/12/50.

The possibility that the unknown subject in this matter might be identical with the STEVE SWARTZ contact of HARRY GOLD may be given credence by:

1. General characteristics of picture of SEMEN M. ROUGA appear similar to those of unknown subject in this matter.
2. Mrs. BOERGER's statements that OTTO and/or CARL SCHMIDT was in this country in 1937.

GOLD's statements that he met STEVE SWARTZ in the summer of 1937.

3. Some degree of similarity between descriptive data furnished by SWITZ, CHAMBERS and GOLD.

Upon GOLD's return to Philadelphia, he will be reinterviewed for any additional information he may have recalled for STEVE SWARTZ.

In the event that the New York Office has a photograph of ALEXANDER ALEXEIVICH, it is requested that the same be forwarded to Philadelphia. This photograph will be shown to HARRY GOLD.

JOSEPH KATZ born 3/15/12 in Lithuania. Became U.S. citizen through father, DAVID KATZ, who was naturalized 2/19/25 at Passaic, N.J. KATZ attended Passaic, N.J. schools until 1931. Married at L.A., Cal., on 12/23/35 to BESSIE BOGORAD, born 6/19/12, at Passaic, N.J. Daughter PAULA JO born 1/21/41 at NYC. KATZ on WPA during middle 1930s. From 1939 to present he has been associated with numerous business ventures, furnishing financial backing for some of them. Bank accounts and travel information set out. Relatives of KATZ and wife listed and identified.

ELIZABETH T. BENTLEY, self-admitted former Soviet espionage agent identified KATZ as her former espionage superior from 10/04 to 5/45. BENTLEY furnished KATZ with material she received from her contacts in Washington, D.C. from 10/44 until 12/44. These contacts, employed at OSS, WPB, FBI, OGI-AA and Treasury Dept., furnished BENTLEY with miscellaneous data picked up through their government employment. BENTLEY'S contacts taken away from her at end of 1944, but she continued to see KATZ until May, 1945. Latter meetings concerned with discussing problems arising with BENTLEY'S former contacts and with replacing BENTLEY in her employment. THOMAS L. BLACK, self-admitted Soviet agent identified KATZ as his espionage superior with whom he had infrequent contacts from 1938 to approximately 1948. KATZ had BLACK spying on activities of Trotskyites until 1940. He then told BLACK he had something more important for him to do and tried unsuccessfully to get BLACK to get a job at the Kellex Company. In 1943 and 1944 BLACK prepared and submitted to KATZ reports on Sorbitol and Penicillin. In 1942 KATZ had BLACK contact Dr. EARL W. FLOSDORF to determine if he would be willing to supply some information to the Soviets. In 1944, at KATZ'S direction BLACK contacted the late WM. W. STAPLER, Hercules Powder Co. employee who had been selling information to KATZ. In 1948 or possibly earlier KATZ had BLACK meet him in NYC for the purpose of reactivating him, but BLACK did not become active again. HARRY GOLD, convicted Soviet agent, identified KATZ as an alternate espionage superior of his. GOLD said his only contact with KATZ was during one weekend in April or May, 1940, at the Hotel New Yorker, NYC. KATZ discussed GOLD'S work with him and gave him about \$150 or \$200. Some known associates of KATZ in various personal and business ventures listed and identified, KATZ'S passport file reflects he was in France from 3 to 5/47, 7 to 9/47 and 6/48 to present. KATZ presently resides Paris, France, engaged in merchandizing handpainted scarves and ties. KATZ'S wife was employed by AJDC in Paris from 1947 until August, 1949. She then returned to NYC where she and daughter presently reside.

RE: JOSEPH KATZ

Reference is made to your memorandum of March 18,
1971, your reference [REDACTED] (S) b1

A review of the files of the Headquarters of
this Bureau shows that Harry Gold advised he met Joseph
Katz in a hotel lobby in New York City on one occasion as
a results of a telephone call made to him by his superior
known as "Fred." Gold said he went to the meeting in late
April or early May, 1940, in the lobby of the Hotel New Yorker,
New York City, and instead of meeting "Fred," he was met
by Katz who apparently had been given a good description
of Gold since no password was used. According to Gold, Katz
was interested in the plans which Gold had for the future
and in his contacts with Benjamin Smilg. Gold told Katz
that he was returning to Philadelphia and could not stay in
Cincinnati. Katz was disappointed but offered no assistance
in securing work for Gold in Cincinnati, Ohio. Katz gave
Gold about \$100 or \$150 for the completion of Gold's
schooling at Xavier University. Gold said that this was
his only meeting with Katz.

From a review of our files it would appear that
this was the only occasion on which Gold met Katz and the
information in our memorandum of March 7, 1951, that Gold
met Katz on two occasions was later changed by Gold. The
above is the only information which Gold has concerning Katz.

between Katz and Smilg. The only connection set out in
that file is the information furnished by Harry Gold to
the effect that Katz had questioned him concerning Gold's
attempts to contact Smilg.

SLACK identified a photograph of SEMENOV as the individual he knew as ROBERT and stated that he first met ROBERT through what appeared to be a prearranged meeting of MARTIN, ROBERT and himself at New York City. He believes that this was soon after his first trip to Charleston, West Virginia, to contact HOWARD GOCHENOUR. REPORT MADE AT ALBANY, N. Y.	DATE WHEN MADE 12-19-50	PERIOD FOR WHICH MADE 6-19,20;11-20; 12-2,11,12,13-50	REPORT MADE BY PAUL R. BIBLER pak
TITLE ALFRED DEAN SLACK, Was.			CHARACTER OF CASE ESPIONAGE - R R

SYNOPSIS OF FACTS:

Department of Justice has furnished opinion to the effect that source of funds paid to SLACK could not be traced sufficiently to prove that they were derived from a foreign government, and make prosecution of SLACK possible under the Fraud against the Government statute unless further investigation developed additional evidence in this regard. Department also advised that the information developed on [REDACTED] did not indicate that he violated the espionage statutes.

F. B. I. Laboratory determined that L. C. Smith typewriter #933143G12, obtained from SLACK, was used to prepare the cover sheet of two reports found in the residence of HARRY GOLD.

No determination could be reached as to whether article entitled "Purification of Synthetic Urea" prepared on this typewriter.

DETAILS:

041 [The Department of Justice was requested to furnish opinion as to whether or not ALFRED DEAN SLACK violated the Fraud Against the Government Statute by stating under oath on an "Employee's Declaration" at the Holstein Ordnance Works that he had never been employed by a foreign government.

The Department, by memorandum of August 15, 1950, advised the source of the funds paid to SLACK by [REDACTED] and HARRY GOLD could not be traced sufficiently to prove that they were derived from a foreign government, and that no prosecution of SLACK under this statute would be possible unless continuing investigation resulted in additional evidence.

013 [With regard to the activities of [REDACTED] the Department advised on September 14, 1950 that from the information available it is not believed that [REDACTED] had violated the espionage statute. The Department stated that there appeared to be considerable doubt that [REDACTED] knew he was giving information to a Russian agent when he turned information on the manufacture of nylon over to SLACK. Department stated that there was apparently no government classification on the processes of manufacturing nylon. b7c b7d b7E b7F b7G b7H b7I b7J b7K b7L b7M b7N b7O b7P b7Q b7R b7S b7T b7U b7V b7W b7X b7Y b7Z

The F. B. I. Laboratory, under date of October 30, 1950, advised that it was concluded that the L. C. Smith typewriter, serial 933143G12, was used to prepare the typing on material previously submitted reading "The accompanying material and data" and was also used to prepare the typewriting beginning "The report and data text...". The typewriter referred to was obtained from ALFRED DEAN SLACK and the typewriting referred to above was found on two cover sheets which were attached to the front of two reports on chemical processes which were found in the home of HARRY GOLD, Philadelphia, Pennsylvania.

The Laboratory further advised that no conclusion could be reached as to whether or not this typewriter was used to prepare the three page article entitled "Purification of Synthetic Urea", which was found in the home of HARRY GOLD and to which the second of the cover sheets referred to above was attached.

A review of the write-up on Swartz reflects
that on page one it is stated that Harry Gold came in contact
with his first superior, Paul Smith, in the Fall of 1936. The
write-up on Fred reflects that this event occurred in the Fall
of 1935, which is the correct date.

On pages two and three of the write-up on
Swartz there is set forth a physical description of Swartz.
This description, however, does not apply to Swartz but rather
to Joseph Katz. It is appreciated that at a time when Gold was
not completely cooperative he ascribed this description to Swartz,
but a casual review of the file would have reflected that he
subsequently corrected this erroneous information.

The write-up on Swartz does not include the
information on page three, paragraph one, of the report of
Special Agent Robert G. Jensen, Philadelphia, 8-4-50, regarding
Swartz, which includes in part Gold's opinion that Swartz was
connected with Amtorg Trading Corporation. *81*

The write-up on Swartz fails to set forth
information in the report of Special Agent *Frank W. Zangle*,
New York, 1-17-51, in the Swartz case, concerning in part Gold's
belief that Swartz may have entered the United States in May
or July of 1936.

be made for the eventual display of his photograph to Gold, even though this may have been done before, for his further examination. (65-2954-8)

It should be noted that there is some possibility that Black's superior, Karl, may be identical with Swartz. While there is a difference in the height and weight of Swartz and Karl, as respectively described by Gold and Black, it is to be noted that Black has not been particularly accurate in the furnishing of descriptions. Black stated that Karl appeared to be well read since he could discuss philosophy, art, etc. Gold's document entitled "Circumstances Surrounding My Work as a Soviet Agent - A Report," mentioned earlier, refers in part to Swartz's ability to discuss flowers and art and the fact that it was Swartz who introduced Gold to Cezanne, Van Gogh and the world of the great masters. Black advised that the photograph of one Ilia Agapov resembled Karl though he felt certain that it was not. It also appears that Agapov was employed at Amtorg in 1936. It is believed advisable that the photograph of Agapov be discussed with Gold.

During 1941, Stanislaus Shumovsky, Eugueni Vladimirovich Rodzevitch, and Peter A. Beliaev and many others received visas in Moscow for travel to the United States according to WFO let 10-25-49, entitled "Unsub wa., Papa, Espionage - R," New York file 65-14741. Rodzevitch is the subject of New York file 100-80669 which reflects that he came to the United States in 1931 as a member of the Soviet Commission to purchase planes and study production at Wright Aircraft Corporation; that he remained at the Wright Corporation after the rest of the group returned to Russia, and that subsequently he was chief of all lend-lease procurement of aircraft for Amtorg.

[REDACTED]

As reflected in the investigation of Beliaev, Rodzevitch is described as 6'2", medium complexion, brown hair, blue eyes and born in Russia in 1901, which is generally similar to Gold's description of Swartz. It is desired that consideration be given to Rodzevitch as possibly being identical with Swartz and that the photograph of Rodzevitch be discussed with Gold. It is also believed desirable that additional photographs of Rodzevitch be obtained, if possible, for display to Gold. (65-2954, Serial 17; 100-344894-4; 100-272042) (S)

INTRODUCTION

HARRY GOLD, of 6823 Kindred Street, Philadelphia, Pennsylvania, on May 22, 1950, advised Special Agents T. SCOTT MILLER and RICHARD E. BRENNAN that he was the individual to whom Mr. EMIL JULIUS KLAUS FUCHS passed information concerning the Atomic Bomb for transmission to Russia.

On June 2 and 3, 1950, the residence of HARRY GOLD was searched and numerous items which will be discussed hereinafter were obtained pertaining to one DANIEL KLINE.

On June 15, 1950 GOLD was questioned concerning the items pertaining to KLINE and he explained that he submitted this name when he was being pressed by his Soviet contact for possible recruits to be used in Soviet espionage. These items were rough draft notes which were subsequently made into final reports which were turned over to GOLD's Soviet contact. GOLD stated he had no idea at the time he submitted these reports of recruiting DANIEL KLINE but merely handed these reports in as a delaying action on GOLD's part until GOLD could get away to school in the fall of 1938.

GOLD remembered that during the time the reports concerning KLINE were submitted, KLINE was employed at the Philadelphia Navy Yard. GOLD also recalled that KLINE was a high school acquaintance of GOLD's brother, JOSEPH GOLD, having attended South Philadelphia High School during the same years.

BACKGROUND

On June 21, 1950 Special Agent JAMES E. HELMER contacted Mr. PETER ANTHONY, Personnel Clerk, Building 396, Industrial Relations Department, U. S. Navy Yard, Philadelphia, who permitted records to be reviewed which reflected the following information of pertinence.

DANIEL LOUIS KLINE, born December 25, 1917, was employed at the Navy Yard on September 16, 1937. He was originally given a probationary appointment as a Junior Messenger, Supply Department, CV-1, \$600 per annum. On June 1, 1938 KLINE was promoted to Underclerk-Typist, CAF-1, \$1260 per annum and to Junior Clerk - Typist, on November 15, 1939, at which time he held a rating of CAF-2 at \$1140 per annum. On October 6, 1940, KLINE resigned without prejudice.

SUBJECT: DR. LOUIS GOLD
SECURITY MATTER - C

DATE: September 19, 1950

65-59274-1

The above-captioned individual was the Subject of an A.E.A.-A investigation, Bureau File 116-35698, as a result of Bureau letter dated September 24, 1947 to New York, with copy to Boston and Newark. By teletype dated October 2, 1947, the Bureau advised that the investigation should be discontinued. Prior to discontinuance, the Boston Office had checked [REDACTED]

[REDACTED] and had conducted neighborhood investigation in Dorchester and Boston, Massachusetts. All of this investigation was entirely favorable.

On May 19, 1950, LOUIS GOLD was contacted by the Boston Office concerning OLEG CONSTANTIN ENIKEIEFF aka. Al. Oleg Konstantinovich Enikeieff. [REDACTED] GOLD stated he had formerly been a professor at Brown University, Providence, Rhode Island, and had been acquainted with ENIKEIEFF for two years while the latter was a student at Brown. He recommended ENIKEIEFF favorably for a position with the Government.

On July 7, 1950, Headquarters of the U.S.A.F., First District Office of Special Investigation, 55 Tremont Street, Boston, Massachusetts, reported that Dr. GOLD, believed to be formerly connected with the University of Colorado, had been visiting [REDACTED] Geophysics Laboratory, Watertown Arsenal, Watertown, Massachusetts, and, according to [REDACTED] evinced undue interest in classified material. Upon receipt of this information a new "Security Matter - C" case was opened in the Boston Office concerning GOLD.

The files of the Boston Office reflect information concerning one Dr. LOUIS GOLD in the [REDACTED] case indicating that an individual by that name had made several attempts to enter the Atomic Energy Premises at Los Alamos, New Mexico. This individual is possibly identical with Dr. LOUIS GOLD the subject of this letter.

One JOSEPH SCHULTZ, who was born September 27, 1926 at Philadelphia, Pa. was employed as an electrician in the Industrial Department of the Navy Yard in Philadelphia from July 24, 1942 until March 27, 1946, when he was separated due to a reduction in force. According to the records he was suspended for fifteen days in July, 1944 for sleeping on duty. Reference is made to the report of SA ALBERT RUNDEN, dated September 5, 1950, in the above captioned matter.

In this connection it will be noted that during a search of the residence of HARRY GOLD, 6823 Kindred Street, Philadelphia, Pa., by Bureau Agents a number of sheets of paper in GOLD's handwriting, apparently referring to JOSEPH SCHULTZ, were found.

These notes contained background data on SCHULTZ and further indicated that he and GOLD had met in high school where they became friendly. SCHULTZ was further described as having worked himself up to the position of foreman in the construction and maintenance of naval aircraft at the Philadelphia Navy Yard. He was also described as having married a girl who dominated him and in whom he confided. According to GOLD, he stopped seeing SCHULTZ because of his wife.

GOLD, when questioned about JOSEPH SCHULTZ, explained that SCHULTZ was a fictitious individual. He added that he submitted the name of SCHULTZ to his Soviet superiors in 1938 as they were pressing him for additional recruits at that time. The information submitted concerning SCHULTZ was also fictitious, GOLD explained.

SHIRLEY YIMMAN, nee OKEN, who appeared to be one of the factual individuals mentioned in GOLD's notes, was interviewed concerning GOLD and his friends. She denied knowing a SCHULTZ although she associated with GOLD during the period he allegedly knew SCHULTZ.

Records of the United States Navy indicate that a JOSEPH SCHULTZ was employed in the shipyard section of the Philadelphia Navy Yard as an electrician, third class, from July 24, 1942 until March 27, 1946 when he was terminated due to a reduction in force. Information developed at the Navy Yard indicated that no one named SCHULTZ was ever a foreman in the aircraft section of the Yard. It was also determined to be highly unlikely that a third class electrician

from the shipyard would have been assigned to work on airplanes. In addition SCHULTZ was listed as having attended the Central High School in Philadelphia which is situated in the northern section of the city, whereas GOLD, in explaining how he selected the name of SCHULTZ, declared it may have come from a South Philadelphia High School year book or some other directory such as a telephone directory.

Navy Yard records failed to list a JOSEPH SCHULTZ as having been employed prior to 1942.

However, while it is unlikely the JOSEPH SCHULTZ who was employed at the Navy Yard is identical with the JOSEPH SCHULTZ mentioned in GOLD's notes, it is believed that his interview would materially assist in positively eliminating him or further identifying him as a possible espionage recruit of GOLD.

Bureau authority is therefore requested for the interview of SCHULTZ.

To obtain authority to close this investigation of Joseph Schultz, said by Harry Gold to be a fictitious individual he suggested in 1938 as a possible recruit, without interviewing one Joseph Schultz, 1110 North 41st Street, Philadelphia, and without reviewing Bureau indices.

DETAILS

The search of Harry Gold's residence developed certain notes concerning a Joseph Schultz employed as a Foreman in the construction and maintenance of Naval Aircraft at the Philadelphia Navy Yard. According to these notes, Gold met Schultz in High School and later continued the acquaintanceship, often meeting at his (Schultz') or other people's homes for a social evening, at one of which parties he, Gold, met Herbert Epstein.

Harry Gold has advised that Joseph Schultz and Herbert Epstein are fictitious individuals on whom he submitted biographical data in 1938 when he was pressed by his Soviet superiors for possible recruits. Other notes found in the search of Gold's residence concerning Herbert Epstein stated that Epstein was known to a girl named Shirley Oken, who appeared to be a real person.

[REDACTED]

Investigation has developed that Joseph Schultz of 1110 North 41st Street, Philadelphia, was employed at the Philadelphia Navy Yard. This employment, however, was during the period from July 24, 1942, to March 27, 1946, and not during 1938. Furthermore, this Joseph Schultz was employed as an Electrician 3/C and not as a Foreman. Finally, this Schultz attended Central High School in the ~~central~~ Northern section of Philadelphia, and all of his residences have been in the Northern section, whereas Gold attended South Philadelphia High School and resided in the Southern section of the city.

Investigation at the Philadelphia Navy Yard failed to develop any other employees named Joseph Schultz, and Mr. William B. Kean,

In addition to the material discrepancies between the background of Joseph Schultz, 1110 North 41st Street, Philadelphia, and subject, it will be noted that the results of the interview of [REDACTED] and the investigation at the Navy Yard are corroborative of Gold's statement that the subject of this case is a fictitious person. b7c b7D

RECOMMENDATION

It is recommended that this case be closed without interviewing Joseph Schultz, 1110 North 41st Street, Philadelphia, and without reviewing the Bureau's indices in view of the apparent fictitious nature of the subject. On February 16, 1951, Mr. James M. McInerney, Assistant Attorney General, Criminal Division, Department of Justice, rendered the following opinion regarding instant case:

"A review of the various reports submitted by the Bureau regarding the subject reveals that there is no evidence indicating that the subject himself engaged in espionage activity but that he had knowledge of the activities of Thomas L. Black and of Harry Gold, who was acting as the intermediary between the Soviets and Dr. Klaus Fuchs for the transmission of information regarding the atomic bomb.

"From the wording of Section 20(a) it is apparent that something more than knowledge that another is engaging in espionage activities is necessary in order to bring an individual within the purview of Section 20(a) of the Internal Security Act of 1950. In order for an individual to fall within the purview of that Section, he must not only have knowledge of the espionage service or tactics of a government of a foreign country but proof must be present that such knowledge has not been acquired solely by reason of academic or personal interest and not under the supervision of or in preparation of service with the government of a foreign country or a foreign political party. Available information indicates that the subject obtained his knowledge solely through a personal interest and not in preparation for service with the government of a foreign country or a foreign political party.

"In view of the foregoing, it is my opinion that the subject would not fall within the purview of Section 20(a) of the Internal Security Act of 1950."

This opinion should be quoted in the next report submitted by the New York office.

Reference is made to the enclosed report of
SA WALTER C. ROETTING, New York, dated MAY 7 1951

A review of this case reflects that investigation
has failed to indicate that the subject has been engaged in
espionage activities, or that he has been a member of the
Communist Party. His relations with THOMAS L. BLACK and HARRY
GOLD have been explored in interviews with FASS, BLACK and GOLD.

The Criminal Division of the Department has
rendered an opinion that the subject's knowledge of the espionage
activities of BLACK and GOLD does not fall within the purview of
the Internal Security Act of 1950.

In view of the foregoing, it is the opinion
of this office that no further investigation of FASS' activities
should be conducted at this time. This case has, therefore,
been placed in a closed status.

Consideration has been given to making FASS the
subject of a Security Index card. However, it is felt that the
investigation and interviews of FASS have not developed sufficient
derogatory information to warrant such action at this time. In the
event additional derogatory information is received the subject
will be reconsidered for inclusion in the Security Index.

In interviews conducted with HARRY GOLD, self-confessed Soviet espionage agent, on August 2-3, 1950, by agents of the New York Office, GOLD stated he had heard the name, SHURA SWAN, when ABRAHAM BROTHMAN mentioned that name to him in late March 1942 at New York City, on which occasion GOLD and BROTHMAN were both registered at the New Yorker Hotel. At this time, according to GOLD, BROTHMAN mentioned that his friend, SHURA SWAN, who had worked for the Soviet men, had been laid off. Further, BROTHMAN gave GOLD the idea that SWAN worked for Amtorg and was the individual who first introduced BROTHMAN to another Amtorg man, not identified, to engage in industrial espionage. BROTHMAN requested GOLD to see what he could do to resecure SWAN's job at Amtorg. GOLD replied he would see what he could do in this respect.

GOLD recalled that SWAN's name was merely mentioned in 1943. However, in about June 1946 BROTHMAN was berating various Soviet officials in this country for mistreating Americans working for them. He referred to SWAN's case.

REPORT MADE AT PHILADELPHIA	DATE NOV 9 1950	REPORT MADE BY JOHN EDITH BRUIN, was., Joseph Brotsky, Joseph Brodsky
---------------------------------------	---------------------------	---

SYNOPSIS OF FACTS:

HARRY GOLD, admitted Soviet espionage Agent, informed he met BRUIN while both were attending Brunel Institute around 1934. BRUIN was then a professed Communist, and often solicited funds from GOLD for COMMUNIST PARTY activities. GOLD suggested BRUIN to his Soviet superiors as possible source of information to supply names of possible recruits for Soviet espionage apparatus. GOLD introduced BRUIN to his Soviet superior, STEVE SWARTZ. Subsequently, BRUIN told GOLD he had seen SWARTZ on one other occasion, but GOLD does not know extent, if any, of BRUIN's espionage activities. BRUIN had knowledge of GOLD's industrial espionage activities for Soviets, and thought it was "a wonderful idea." BRUIN prepared biographical sketch for information of GOLD's Soviet superiors, and signed his name to it. Known specimens of BRUIN's handwriting sent Bureau Lab., but no conclusion reached as to whether subject BRUIN wrote signature on biographical sketch. THOMAS BLACK, another admitted Soviet Agent, states he met BRUIN through GOLD around 1935. He submitted unfavorable report to his Soviet superiors re BRUIN because BRUIN was not ideologically suited for espionage work. Information set out reflecting BRUIN's COMMUNIST PARTY activity from 1930 to present.

In a report prepared by T-1, another Government agency that maintains personnel records and conducts intelligence investigations, at a time when BRUIN was in the Army, it is indicated that he told another soldier he fought for the Loyalist Army in Spain, or possibly was an office clerk for the Loyalist Army. Also, in his biographical sketch, BRUIN states he left the United States in 1916 with his mother, and remained in Russia five years before returning to this country. The files of the State Department, at Washington, D. C., contain no record that a passport had been applied for, or issued to the subject under his true name or known aliases.

This informant advised that several times during the meeting, the name of JACK BRUIN was mentioned, and after the meeting, the informant found a note, on the outside of which was written "JACK BRUIN". The note stated, "JACK, May I have some material? One of the comrades agreed to take BOBBY for an hour tomorrow afternoon." At an informal interview afforded RAIKEN by the AEC, he advised that he had become a member of the IEO because of the medical benefits and the inexpensive insurance. He said that as soon as he learned it was different than what he expected, he resigned. RAIKEN also stated that he may have registered with the American Labor Party, however, he was unable to recall.

San Francisco T-70, of known reliability, stated that HEMAN RAIKEN, born March 27, 1916 at Boston, Massachusetts, was a member of the IEO from June, 1946 to June, 1947, when he was expelled for not paying his dues.

The records of the Board of Elections, City of New York, reflect that HEMAN and ANNE RAIKEN, 570 West 189th Street, New York, executed a primary enrollment for the years 1945-1947 in which they declared they were in general sympathy with the principles of the American Labor Party.

This informant advised that he was convinced from SVENCHANSKY'S attitude towards the Russians at Ladd Field, from his background, his outspoken criticism of the United States Army and his general remarks over a period of weeks that SVENCHANSKY was a Communist, and considered himself more a Russian soldier than an American soldier.

The files of Confidential Informant T-7 also contained a memorandum dated July 5, 1943, covering an interview with Confidential Informant T-9, of unknown reliability, but an officer of the United States Air Force who was familiar with SVENCHANSKY'S activities at that time at Ladd Field. This informant mentioned in the course of the interview that it was generally accepted at Ladd Field that SVENCHANSKY was a strong Communist because of his attitude and his close association with the Russian personnel both during on and off duty hours.

During interviews had with HARRY GOLD, a self-confessed Soviet espionage agent, on August 2nd and 3rd, 1950, GOLD advised that he had first heard the name SHURA SWAN when ABRAHAM BROTHMAN mentioned that name to him in March, 1942. According to GOLD, BROTHMAN mentioned that his friend, SHURA, who worked for the Soviet Union had recently been laid off by them. BROTHMAN gave GOLD the impression that SHURA worked for the Amtorg Trading Corporation and that he was the man who had introduced BROTHMAN to another Amtorg man who induced BROTHMAN to engage in industrial espionage.

5. The trial judge committed reversible error in his refusal to charge that the defendant MOSKOWITZ must be acquitted if the Jury could infer a hypothesis of innocence from the substantive case against her, as well as a hypothesis of guilt. O/S

6. The trial judge committed reversible error in his refusal to charge that the defendant BROTHMAN must be acquitted of the 2nd Count of the indictment, unless the Jury found that the defendant BROTHMAN influenced HARRY GOLD on July 31, 1947 and at no other time.

7. The trial judge committed a reversible error in his refusal to charge that if GOLD'S testimony on July 31, 1947, was pursuant to an agreement with the defendant BROTHMAN made prior to July 31, 1947, they must acquit the defendant BROTHMAN of the 2nd Count of the indictment.

8. The evidence as against the defendant MOSKOWITZ was insufficient as a matter of law to establish her guilt beyond a reasonable doubt. O/S

On April 25, 1951, [REDACTED], Deputy United States Marshal Southern District of New York, advised that he had intended to transport MIRIAM MOSKOWITZ to the Federal Reformatory for Women at Alderson, West Virginia on the same day. However, on that date, she served the warden of the Women's House of Detention, New York City, with a "notice of election not to serve". T O/S

[REDACTED] advised that this meant that she would not be removed on April 25, 1951 and that any time served after this date by her in the Women's House of Detention, New York City, will not count toward her original sentence, but that time served prior to April 25, 1951, would count. b7C per Marshall Service

On May 22, 1951, a writ of Habeas Corpus was granted to MOSKOWITZ and ABRAHAM BROTHMAN, her co-defendant, by Judge EDWARD CONGER of the Southern District of New York. According to JOHN M. FOLEY, Assistant United States Attorney, Southern District of New York, their purpose in bringing on this writ was to enable them to meet and confer in the United States Court House relative to certain unfinished business of ABRAHAM BROTHMAN and Associates. According to FOLEY, they also desired to prepare certain tax returns for this firm.

This writ was returnable May 25, 1951 before Judge HENRY W. GODDARD, O/S

but was adjourned to May 31, 1951 since the United States Attorney's Office was unable to obtain the signature of the United States Marshal on the return. %

On this latter date, WILLIAM L. MESSING, Attorney for BROTHMAN and MOSKOWITZ, could not be present. It was, therefore, adjourned to June 4, 1951 by Judge GODDARD and by agreement between counsel for both sides, this date was subsequently changed to June 5, 1951.

On this date, argument on the writ was heard by Judge SAMUEL J. KAUFMAN, Southern District of New York, who denied the writ.

On June 14, 1951, MOSKOWITZ's appeal from her conviction for conspiracy to obstruct justice was argued by her attorney, WILLIAM L. MESSING, before the United States Court of Appeals, Second Circuit. The court on this date was composed of Chief Judge THOMAS SWAN and Judges LEARNED and AUGUSTUS HAND. %

A check of the records maintained by the United States Marshal, Southern District of New York, reflects that MOSKOWITZ was removed to the Federal Reformatory for Women at Alderson, West Virginia on June 22, 1951.

On July 26, 1951, the United States Court of Appeals for the Second Circuit, in an opinion written by Chief Judge SWAN and concurred in by Judges LEARNED and AUGUSTUS HAND affirmed MOSKOWITZ's conviction for conspiracy to obstruct justice. Her appeal to this court challenged the sufficiency of the evidence to prove her participation in the conspiracy and claimed prejudicial error in the prosecutor's summation. The court, however, rejected both of these contentions.
